Ermenegildo Zegna

ALUMO

We pour our heart and soul into every garment we produce. Our passion for beautiful handcrafted pieces combines tradition and modern fashions, designs and cuts. It takes 60 to 80 hours of work to make a single suit where every stitch is carefully sewn by hand.

Each bespoke garment is cut and assembled to perfectly fit the unique body shape and movements of its owner. We take pride in every piece in our atelier as we witness a flat length of fabric being sculpted and transformed into a beautiful work of art.
